1. Apply and secure a bottom cap beginning directly above cove base with appropriate fasteners.
2. Apply continuous retainer to wall directly above bottom cap with appropriate fasteners at 18"(457.2mm) O.C
3. Install top cap directly above aluminum retainer

SGVHD CORNER GUARD SYSTEM
INSTALLATION AND MAINTENANCE

SGVHD-90-2.68
MAINTENANCE:

1. Use mild detergent to clean soiled surfaces. Do not use powdered cleansers, bleach and ammonia based cleaners as they may leave a residue embedded in the cover surface. Pen marks, paint and graffiti generally wash off easily with mild soap and water. Completely rinse the surface with clean water when complete.

2. Tough marks or stains may require a heavy duty cleaner such as “Crown Anti-Vandal Spray” or “DWR-II”. These specialized spot cleaners should only be used on small areas and tested for color fastness prior to applying in a highly visible area. Rinse thoroughly with clean water to remove the residue from these cleaner.
