OPTIONAL GATE FOR SAF-T-HATCH RAILINGS: SHG - 2436

Increase rooftop safety with a self-closing, rigid galvanized steel gate with spring hinge for JL's Saf-T-Hatch railings. This adjustable gate fits both stand-alone SHWC and integrated RHG-STH models. Safety yellow painted.

Gate	Fits Safety Railing	Weight
SHG-2436	Models up to 36" Opening	17 lbs.
Custom Sizes Available Upon Request		

Gate Shown in Contracted and Expanded Positions

ROOF HATCH WARNING LIGHT – RHWL

The warning light is designed to alert personnel that the roof top opening or hatch is in the open position. A very bright, red, xenon strobe light emitting 60 double flashes per minute is activated as soon as the hatch is lifted upward 30 degrees. The strobe automatically turns "Off" when the hatch is in the closed position. Installation & Operation: Mounted on the inside surface of the hatch with its magnetic base, the Model RHM-2P-R-S features a built-in tilt switch that is located in its battery compartment. This switch automatically triggers the strobe to its flashing mode when the hatch is lifted upward. Two (2) new D-Cell alkaline batteries provide 50-60 flashing hours. The "Hatch Alert" is not intended to replace roof top safety initiatives or Saf-T-Hatch rail systems but rather to be used in conjunction with them. The flashing signal is an additional alert that the hatch is open.

WARRANTY—All products carry a one year warranty after date of shipment against defects in materials and workmanship. We will replace or repair any product found defective within this period at our discretion. No other warranty express or implied is valid.

The Activar Construction Products Group (ACPG) consists of 6 affiliated companies that serve the commercial construction industry. Our multiple product lines are a single source for architects and distributors. Air Louvers manufactures products for the openings market with door lites, louvers and rated-glass. Hiawatha is known for its quality architectural door hardware and frameless shower door products. JL Industries is an industry leader in fire protection, providing fire extinguishers, AEDs and cabinets, access panels, roof opening products and entrance flooring systems. Samson Products manufactures many of the products sold under the JL label and distributes JL products on the West Coast. Thomas Enterprises is our Southeast distributor for JL products and has a state-of-the-art aluminum fabrication facility for fire extinguisher cabinets sold under the Thomas and JL labels. Rooftop Accessories provides a line of roof support systems. We can now ship from 10 US locations.
