

INSTALLATION & MAINTENANCE: CGSS CORNERGUARDS

STORAGE, HANDLING & ENVIRONMENTAL CONDITIONS:

All materials shipped unassembled. Store vertically or on flat horizontal surface.

INSTALLATION:

Make sure the wall where corner guards are to be attached is smooth and clean so the corner guard will fit tight against the corner.

SCREW ATTACHMENT:

Place the corner guard in position. Attach with screws provided alternating sides and positions to avoid bowing.

ADHESIVE ATTACHMENT:

Liquid Adhesive Installation:

1. Apply Adhesive: Flat Cornerguards - Apply a bead of heavy duty adhesive in a zigzag pattern over the back of each wing of the corner guard. Eased Edge Cornerguards - Apply a bead of heavy duty adhesive in a zigzag pattern on the eased edge portion of the back of the cornerguard.
2. Position corner guard on the wall and apply pressure until a tight fit is achieved.

Adhesive Tape Installation:

1. Apply Tape: Apply double sided tape to the back of the cornerguard approximately 1/16" from the edge.
2. Position corner guard on the wall and apply pressure until a tight fit is achieved.

CLEANING:

Use a soft cloth and a good metal cleaner. We recommend Mr. Metal by Northern Labs.
