NEW PRODUCT IDEAS

Thank you for taking the time to contact us regarding this, and to complete this brief form. ACPG has a history of successful new product development and some of the best ideas have come from our customers and the commercial construction community.

It is not required that this entire form be completed- Just give us as much information as needed.

Please describe your product idea briefly: _____

Is this product idea geared towards one of ACPG’s existing market areas, or would it be a new market in your opinion? Please check all that apply, below:

___ Commercial Construction Market

___ Door & Hardware Market

___ Fire Protection Market

___ Life Safety or Emergency Specialties Market

___ Construction Manufacturing, General

___ Other (please specify):

Within the market areas indicated above, what specific application would this product idea be for?

Are you aware of other companies which may be providing something similar today? If so, please identify.

Optional: Contact information for future follow up if needed:
