

# SUBMITTAL: MODEL TM™ FLUSH ACCESS PANELS

Model TM for Masonry, Tile and Wallboard is an all purpose 16 gauge steel access door that affords fast and convenient access for inspection or service to vital components of plumbing, heating, air conditioning and/or electrical systems. The 1" frame flange adds rigidity and conceals the rough wall openings. The concealed hinged door is mounted to the frame and swings open for ease in servicing, and results in a door always closing square in place.

## SPECIFICATIONS

**Frame:** 16 gauge steel with 1" wall flange.

**Door:** 16 gauge steel.

**Finish:** White powder coat paint.

**Lock:** Flush screwdriver-operated steel cam "C" with 1 or more on each side.

**Sizes:** Minimum 6" x 6", maximum 48" x 48". Other size restrictions apply, so consult customer service for sizes not shown
