

# SUBMITTAL: PANORAMA FIRE-FX2™ STAINLESS STEEL FIRE RATED EXTINGUISHER CABINETS

The Panorama Cabinet Features a Frameless Acrylic Door of Clear or Opaque Textured Acrylic with Many Lettering Options.

**Door & Trim Construction:** Flush acrylic cabinet doors are attached by a continuous hinge and equipped with zinc-plated handle and roller catch. 1-3/4" trim on cabinet has #4 stainless steel finish.

**Trim Style & Depth:** Trimless *Recessed* - See Separate Submittal, *Recessed 3/8"* flat trim, *Semi Recessed* - 1-1/4", 1-1/2" Square Edge or 2-1/2", 3", 4", 4-1/2" Rolled Edge (4" has recessed pull).

**Tub:** The tub is constructed of cold rolled steel with white powder-coat finish standard. Tub forms a flange to cover cut edges of wallboard material. Fire-resistant material is attached to the exterior of the tub.

**Fire-Rating:** Fire-FX2™ cabinets are fabricated in accordance with the UL label for one and two hour combustibile and non-combustibile wall system building codes. The fire testing has met the requirement of ANSI/UL 1479 (ASTM –E814) and ULC/CAN S115-for membrane and penetration firestops. Installation instructions must be strictly adhered to in order to obtain the fire rating.
