

SUBMITTAL: 1463 SERIES EXTERIOR AED CABINET

The Surface Mount 1463 Series is designed to accommodate all Automated External Defibrillators (AED's) on the market today. Each cabinet is equipped with a 85 dB door alarm to deter tampering. This AED cabinet is constructed of galvalneal steel with powder-coated finish and gasketed to be durable and water-resistant.

Door: Formed door of 18 gauge galvalneal steel with white powder-coat finish, stainless steel turn handle and continuous hinge on exterior of tub. The continuous door bulb-gasket provides protection from water intrusion.

Graphics: View AED through a clear acrylic window with screen-printed AED Graphics included.

Alarm: 85 dB Commander (audible) alarm standard, with keyed on/off switch on side of the cabinet. Alarm sounds when door is opened.

Tub: 18 gauge galvalneal steel with white powder-coated finish. Tub dimensions 15" W x 15" H x 9" D.
