SUBMITTAL: ACADEMY™ COLOR ANODIZED ALUMINUM FIRE EXTINGUISHER CABINETS

The Academy Series Features Anodized Aluminum Trim and Door, with 10 Door Styles.

Door & Trim Construction: Dark bronze anodized aluminum. Flush cabinet doors with a 5/8" door stop are attached by a continuous hinge and equipped with zinc-plated handle painted to match finish, and roller catch. All models have 1-3/4" wide trim on frame and 1-1/4 trim on doors with glazing.
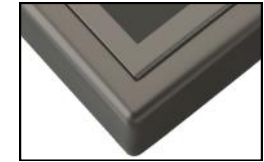

Trim Style & Depth: *Recessed* 3/8" flat trim, *Semi Recessed* - 1-1/4", 1-1/2" Square Edge or 2-1/2", 3", 4", 4-1/2" Rolled Edge (4" has recessed pull).   *Surface-mount* models have a square edge. Rolled edge models are constructed of mechanically-joined extrusions, except for models 1897 and 1097 which are die formed. *Die formed corners provide an attractive, rounded edge - unique to the JL line of cabinets!*

Tub: The tub is constructed of cold rolled steel with white powder-coat finish standard. Surface-mounted models have aluminum tub.
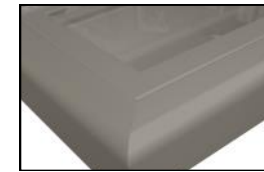

Fire-Rated Option Available: Yes - See separate Submittal Form.
